

Except where otherwise specified on the face hereof, this instrument is subject to the following terms and conditions, as well as those appearing on the face of this instrument.

1. Contract Formation

If this instrument is a quotation, whether or not responsive to a request from the Buyer, it constitutes the offer of Moog Controls Limited (hereinafter "Moog") to the Buyer, and becomes a binding contract under the terms and conditions set forth herein when it is accepted by the Buyer. However, any such acceptance shall be valid only if made within thirty days of the date of this instrument or such other time period specified herein. If this instrument is an acknowledgment, it constitutes Moog's acceptance of the Buyer's order, subject, however, to the terms and conditions set forth herein. Upon the creation of a contract, this instrument will recite the entire agreement between the parties with respect to the goods, equipment or services being purchased, and shall supersede any other agreement, writing, or understanding whether made before or after the date of this instrument. Thus, Moog's contractual obligations are expressly limited to the terms contained herein. The inclusion of any different or additional terms in any other instrument is objected to, and performance by Moog shall occur with the express understanding that only the terms and conditions recited herein shall control unless alternate terms and conditions are formally presented and agreed by both parties.

2. Terms of Payment

- a) All payments are to be made in Pounds Sterling and without expense to Moog.
- b) Payment shall be cash with the Order or sight draft attached to a bill of lading (or other shipping documents) at the option of Moog.

- d) Buyer agrees to pay any expense incurred on collecting any unpaid balance of the purchase price, or in recovering possession of goods including reasonable attorney's fees.
- e) If Moog extends credit to the Buyer, then for the purpose of securing payment and performance of all Buyer's obligations hereunder, Moog shall retain a security interest in all of the goods being sold pursuant to this agreement. At Moog's request, Buyer shall execute and join in executing all financing statements and other instruments, in form satisfactory to Moog, which Moog deems necessary or desirable to perfect its security interest in the goods being sold pursuant to this agreement.

5. Patents

- a) The Buyer shall not receive, as a result of the sale of goods hereunder, any right or license of any kind under any patent owned or controlled by Moog, or under which Moog may be licensed. However, the foregoing provision shall not limit the right of the customer to use and sell such goods, in the event such goods are covered by any such patent.
- b) Moog agrees to defend any suit, foreign or domestic, that any party may institute against the Buyer for alleged infringement of a patent or patents relating to specific devices or apparatus of Moog's own design and furnished to the Buyer under this contract. However, this paragraph shall apply only to such infringements as shall arise only from the use of such specific device or apparatus itself and not as a part of any combination of any other apparatus, device and/or part. Furthermore, Moog's obligations under this paragraph shall only arise only if the Buyer (a) shall have made all payments then due under this contract; (b) shall give Moog immediate notice in writing of the alleged infringement and of the institution of any suit; (c) shall permit Moog to defend such suit; and (d) shall furnish to Moog all information, assistance, and authority which, in the opinion of Moog's attorneys, is necessary to defend such suit.
